

the only reason I got to
write this is because people
around me have kept the "weak"
of our "herd" alive. My Body
may ~~be~~ ^{be} ~~broken~~ ^{but} ~~fixable~~ ^{salvageable}, fixable even.

But I don't know how
~~we can save~~ ^{we can save} so many lives ^{by} listening &
~~the medicine~~ ^{apparently} did.

Friends and family apparently did.
It might be back on ^{getting effective?} ~~track~~ ^{now}.
lets do the same thing for the
planet, and universe.
